Word from Board Chair

Coming early 2020

The Mississippi State Board of Physical Therapy partners with CE Broker

Starting at the end of January 2020, CE Broker will become the official CE tracking system for the Mississippi State Board of Physical Therapy. As many of you know, the aPTitude system from FSBPT will be going offline on December 31, and CE Broker will be working to fill the void for Mississippi PTs & PTAs to ensure a seamless transition. Fortunately, your Board has provided you with a *free* Basic Account, so you will have the most helpful CE tracking tools right at your fingertips.

What can I do with my free CE Broker account?

Check your compliance status

Always know where you stand

Report completed CE

Reporting CE is fast and easy

Find accredited CE courses

Using the CE Broker Course Search

Receive license renewal reminders

Your renewal will never sneak up on you again

Get CE-related support

Call, email, or chat with our CE Experts

See your course history

Every course you've taken at a glance

How do I sign up?

When it's time to activate your free Basic Account, the Mississippi State Board of Physical Therapy will email you with a direct link.

In the meantime, explore all of CE Broker's helpful features by visiting:
www.cebroke.com/features.

REGULATION CHANGES

Attention!! Your regulations are outdated! Effective November 25, 2019 several deletions/changes/additions were made to the regulations. You can find a revised copy of the regulations at www.msbt.ms.gov, select rules and regulations then current regulations. A summary of those changes and the rule number of the regulations that were affected are included:

1. **Moved Part 3101 Rule 1.3.6(c)(A-K) to Part 3103 Chapter 3: Practice, Rule 3.3 Intramuscular Dry Needling Manual Therapy.**
2. **New Rule added to Part 3103 Chapter 3: Practice, Rule 3.2 Telehealth:**

Rule 3.2 Telehealth

1. **Patient Identity and Communication.** The physical therapist/physical therapist assistant using telehealth to deliver physical therapy services or who practices tele-physical therapy, upon an initial contact with the patient shall:
 - a. Verify the identity of the patient prior to each session;
 - b. Obtain alternative means of contacting the patient;
 - c. Arrange for the patient to have alternative means of contacting the physical therapist or physical therapy assistant;
 - d. Provide contact methods of alternative communication the physical therapist or physical therapy assistant shall use for emergency purposes;
 - e. Use personal identifying information only in secure communications; and
 - f. Obtain written, informed consent from the patient or other appropriate person with authority to make health care treatment decisions for the patient before services are provided through telehealth.
2. **Informed Consent.** The informed consent shall, minimally, inform the patient and document acknowledgement of the risk and limitations and potential benefits associated with:
 - a. The use of electronic communications in the provision of physical therapy;
 - b. The potential breach of confidentiality, or in advertent access, of protected health information using electronic communication in the provision of physical therapy; and
 - c. The potential disruption of electronic communication in the use of telehealth;
 - d. Video-taping and recording of treatment session.
3. **Confidentiality.** The licensee shall ensure that the electronic communication is secure to maintain confidentiality of the patient's medical information as required by the Health Insurance Portability and Accountability Act (HIPAA) and other applicable

Federal and State laws. Confidentiality shall be maintained through appropriate processes, practices and technology, including disposal of electronic equipment and data.

4. **Competence and Scope of Practice.** A licensee using electronic communication to deliver physical therapy services or who practices tele-physical therapy shall:
 - a. Be responsible for determining and documenting that telehealth is appropriate for provision of physical therapy;
 - b. Limit the practice of tele-physical therapy to the area of competence in which proficiency has been gained through education and training;
 - c. Ensure that confidential communications obtained and stored electronically shall not be recovered and accessed by unauthorized persons when the physical therapist or physical therapy assistant disposes of electronic equipment and data by use of a secure telecommunication mechanism;
 - d. Make every attempt to ensure that an on-site physical therapist or physical therapist assistant shall provide the appropriate interventions, if it is determined in-person interventions are necessary;
 - e. Perform all evaluations, including initial evaluations, re-evaluations and scheduled discharges with use of a secure electronic mode of communication using video/voice or in person;
 - f. Assure the technology proficiency of those involved in patient care.
5. **Maintenance and Retention of Records.** The licensee shall document in the file or record which services were provided by tele-health and adhere to the record-keeping requirements of Part 3103, Rule 8.2.
6. **Compliance with Laws and Regulations.** A licensing practicing tele-physical therapy practitioner must:
 - a. Have an active Mississippi license in good standing to practice telehealth in the state of Mississippi.
 - b. Otherwise be authorized by law to practice in another jurisdiction where the patient is physically present or domiciled.
 - c. Abide by the Board's law and rules and regulations and all current standards of care requirements applicable to onsite physical therapy services.
 - d. Comply with all other applicable State and Federal Laws, rules and regulations.

Source: *Miss. Code Ann.* §§73-23-33 and 73-23-43 (Rev. 2008).

3. **Revised and added new Rule to Part 3103, Chapter 3: Practice, Rule 3.3 Intramuscular Dry Needling Manual Therapy:**

Rule 3.3 Intramuscular Dry Needling Manual Therapy.

- A. Intramuscular dry needling manual therapy is a physical intervention that uses a filiform needle no larger than 25 gauge needle to stimulate trigger points, diagnose and treat neuromuscular pain and functional movement deficits; is based upon Western medical concepts; requires an examination and diagnosis, and treats specific anatomic entities selected according to physical signs. Intramuscular dry needling manual therapy does not include the stimulation of auricular or distal points or any points based upon areas of Eastern (Oriental) medicine and acupuncture.
- B. Intramuscular dry needling manual therapy as defined pursuant to this rule is within the scope of practice of physical therapy.
- C. A physical therapist must have the knowledge, skill, ability, and documented competency to perform an act that is within the physical therapist's scope of practice.
- D. To be deemed competent to perform intramuscular dry needling manual therapy a physical therapist must meet the following requirements:
 1. Documented successful completion of a intramuscular dry needling manual therapy course of study; online study is not considered appropriate training to attain the necessary skills to perform intramuscular dry needling manual therapy.
 - a. A minimum of 50 hours of face-to-face intramuscular dry needling manual therapy course study must be successfully completed within twelve (12) months. A physical therapist who does not complete the course of study within twelve (12) months after beginning the course of study must begin anew. The Board may grant a one-time extension for the completion of the course of study required by this Rule upon presentation of satisfactory evidence that the physical therapist is unable to complete the required course of study within the time prescribed because of illness, injury, disability, military service, or other documented good cause. A request for an extension of time must be made in writing and filed with the Board no later than thirty (30) calendar days before the expiration of the Board approved twelve (12) month course of study. The extension shall be for no more than six (6) months from the date the Board approves the extension.
 - b. During the 12-month certification process of intramuscular dry needling manual therapy practice of the dry needling skills learned as part of the course curriculum will be permitted to the specific areas and musculature prior to the completion of the 50 hours of required training provided that compensation will not be sought and the physical therapists will not bill for dry needling services until the completion of the 50 hours of training has been fulfilled.
 - c. The Mississippi State Board of Physical Therapy's website will reflect the names of the therapists that are Board approved to provide intramuscular dry needling manual therapy.
2. The physical therapist must have Board approved credentials for providing intramuscular dry needling manual therapy which are on file with the Board office prior to using the treatment technique.
- E. The provider/educator/instructor of the required intramuscular dry needling manual therapy educational course does not need to be a physical therapist. The instructor of the intramuscular dry needling manual therapy course of study must meet the educational and clinical prerequisites as defined in this rule, D(1)(a)&(b) and demonstrate a minimum of two years of intramuscular dry needling manual therapy practice techniques.
- F. A physical therapist performing intramuscular dry needling manual therapy in his/her practice must have written informed consent for each patient where this technique is used. The patient must sign and receive a copy of the informed consent form. The consent form must, at a minimum, clearly state the following information:
 1. Risks and benefits of intramuscular dry needling manual therapy.
 2. Physical therapist's level of education and training in intramuscular dry needling manual therapy.
 3. The physical therapist will not stimulate any distal or auricular points during intramuscular dry needling manual therapy.
- G. When intramuscular dry needling manual therapy is performed, this must be clearly documented in the procedure notes and must indicate how the patient tolerated the technique as well as the outcome after the procedure.
- H. Intramuscular dry needling manual therapy shall not be delegated and must be directly performed by a qualified, licensed physical therapist.
 - I. Intramuscular dry needling manual therapy must be performed in a manner consistent with generally accepted standards of practice, including but not limited to, aseptic techniques and standards of the center for communicable diseases.
 - J. Failure to provide written documentation of appropriate educational credentials is a violation of this rule, and is prima facie evidence that the physical therapist is not competent and not permitted to perform intramuscular dry needling manual therapy.
- K. This rule is intended to regulate and clarify the scope of practice for the physical therapist.

Source: *Miss. Code Ann.* §§73-23-33 and 73-23-43 (Rev. 2008).

4. Changed Part 3103, Chapter 3, Rule 3.2 Code of Ethics to Part 3103, Rule 3.4.

NON-RENEWED LICENSEES

Non-Renewed licenses for persons whose surnames begin with A-L and whose license expire in odd-numbered years (2019)

The following did not renew their licenses and cannot practice physical therapy in the State of Mississippi as of July 1, 2019. Some licensees may have been reinstated since this newsletter went to press. Check the license verification at www.msbtpt.ms.gov for any updates.

Announcement of the Recent Passing of Quoinsetta Franklin

The Board is saddened to report the death of fellow physical therapist Quoinsetta (Quoin) Franklin. Mrs. Franklin was born April 30, 1958 in Baldwin, MS and passed away October 13, 2019. Quoin received her B.S. from Mississippi State University and was then admitted to the physical therapy program at the University of Mississippi Medical Center where she earned a degree in Physical Therapy in June 1980. Enjoying a career that spanned 37 years, Mrs. Franklin practiced almost entirely in the field of home health care. She was a highly professional person, maintaining her membership in the American Physical Therapy Association and the Mississippi Physical Therapy Association (MPTA) throughout her years of practice. Quoin contributed much to the work of the MPTA and the Mississippi State Board of Physical Therapy (Board). As a Board member from April 22, 2003 until June 30, 2013, she faithfully fulfilled the role of Board Treasurer. Her experience in her area of practice made her a valuable resource for issues that related to home health and to many other areas such as professional development and ethical practice. Quoinsetta Franklin retired from practice in 2017. Her voice and her influence have been greatly missed. Our sympathy goes out to her family and her friends.

DID YOU KNOW?

There are 2,128 physical therapists and 1,401 physical therapist assistants with active Mississippi licenses as of January 7, 2020.

The next scheduled Board meeting is April 23, 2020. This meeting is open to the public.

The Board office will be closed February 17, 2020 for a legal state holiday.

William Carey University graduated its first DPT class on August 10, 2019. Congratulations to the faculty and students for this accomplishment.

If you are issued a license prior to obtaining employment, please be reminded that you have 30 days to update this information by logging into your profile.

The dry needling regulations no longer require three years of practice prior to obtaining authorization to perform dry needling.

You can check the status of a request that you have made by logging into your profile and selecting the tracking tab. If you need to verify the number of CCUs needed for your next renewal, login to your profile and select the education tab.

All fees are non-refundable.

When you pay a fee online and get an error message during the process, please contact the Board office to verify that your transaction was completed.

The Board office does not accept cash payments. We do accept payment by debit/credit cards when paying fees or making a purchase online.

We are here to serve you so please do not hesitate to call the Board office for assistance at (601) 352-2918.

NEW LICENSEES

The Board is pleased to welcome 212 new licensees to the physical therapy community in Mississippi. These licensees are either new graduates who have passed the NPTE and received their permanent licenses, or practitioners who were previously licensed in other states and have either moved to Mississippi or who live in other states but are practicing in Mississippi. In addition, listed are those who have been issued a Compact Privilege license since the last newsletter.

To the new graduates, we offer our congratulations on both graduation and on passing the NPTE. This is a noteworthy accomplishment. To the physical therapy practitioners who were licensed in other states or by the compact privilege, welcome to Mississippi!!

New Graduates Licensed as of Spring 2019

Physical Therapists:

As it stands at this time, eighteen (18) states are actively issuing and accepting compact privileges. Those states are: Mississippi, Tennessee, Missouri, Utah, Oregon, North Dakota, Texas, Iowa, New Hampshire, Kentucky, Arizona, Nebraska, North Carolina, Louisiana, Washington, Colorado, Oklahoma and Virginia.

If you are interested in exploring the compact privilege and its availability to you at this time, the first step you should take is to go to the website which is www.ptcompact.org and review the information on the compact. For answers to any questions that you have, you may call the Compact Commission at (703) 562-8

PAID
JACKSON, MS
PERMIT NO 937

Change of Home Address, Worksite or Name

It is the responsibility of licensees to provide the Board with written notification of address changes (home and/or work) no later than 30 days after such change is effective according to Part 3103 Rule 1.9. For a name change, a copy of an acceptable legal document must accompany the request. The forms accepted are a copy of your marriage certificate or divorce decree. Failure to keep your address or name change current will result in a \$25.00 fee for the cost of resending any correspondence or materials.
